

Monday 3<sup>rd</sup> January 2022

Dear Parents/Carers,

Happy New Year! Staff and Governors at Spa hope that you have had a good Christmas and managed to spend time with loved ones. You may have seen news of the recent announcements by the Department for Education regarding measures to contain the spread of COVID-19.

We wish to reassure you that there are no changes to your child's education at this time. Spa Academy Askern will open as planned on **Wednesday 5<sup>th</sup> January** at 8.30am to all children.

We are looking forward to welcoming your child back into classrooms, recognising that your child's continued education is our top priority. In the coming days, we will send to parents/carers our updated risk assessment, in line with the DfE guidance released yesterday.

If you have any questions, please do not hesitate to contact (01302) 700332 or [admin@spaacademyaskern.com](mailto:admin@spaacademyaskern.com) and we will endeavour to reply to you as soon as possible. This includes the reporting of any pupils that are currently isolating after a positive test and will need to access their education remotely.

We look forward to pupils returning on Wednesday and wish all our pupils, parents and carers a happy new year.

**Emma Anderson - Headteacher**
