

Name of School: Spa Academy

Date of Report: September 2023

SEND INFORMATION REPORT

The governing bodies of maintained schools and maintained nursery schools and the proprietors of academy schools **must** publish information on their websites about the **implementation of the governing body's or the proprietor's policy for pupils with SEND**. The information published **must** be updated annually and any changes to the information occurring during the year **must** be updated as soon as possible.

The information required is set out in the Special Educational Needs and Disability Regulations 2014 (and in the updated 2015 Code of Practice).

The SEN Information Report must include the following information and be cross-referenced to the School's SEND Policy, Accessibility Plan and how the school meets its duties under the Equality Act 2010 (and updates issued in 2012).

This document includes recommendations for points to include following the introduction of Doncaster's Graduated Approach for SEND.

The kinds of special educational needs and disabilities that are provided for
<p>Spa Academy support pupils with a wide range of needs including:</p> <ul style="list-style-type: none">• Communication & Interaction<ul style="list-style-type: none">○ Speech and language needs○ Social Communication and interaction need○ Sensory Processing difficulties• Cognition & Learning Needs<ul style="list-style-type: none">○ Specific Learning Difficulties (SpLD) such as dyslexia, dyspraxia, and dyscalculia○ Moderate Learning Difficulties (MLD)• Social Emotional Mental Health Needs (SEMH)• Sensory and Physical Needs<ul style="list-style-type: none">○ Visual impairment○ Hearing impairment○ Physical disabilities
The name and contact details of the SENCO and further contacts where parents and carers may have concerns
<p>The SEN Code of Practice states that '<i>Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff</i>'. If you would like to discuss your child's progress and development, a meeting with your child's class teacher can be made via contact with the Main Office.</p>

Executive Head Teacher: Sarah Lathlane

Head Teacher: Emma Anderson

SENDCo: Claire Mannion

Chair of Governing Body: Wayne Dorey

Policies for identifying children and young people with SEND and assessing their needs

Relevant policies to support the learning and provision for all our vulnerable pupils and pupils with Special Educational Needs;

The SEND policy has due regard to all relevant legislation including, but not limited to, the following:

- Local Government Act 1974
- Disabled Persons (Services, Consultation and Representation) Act 1986
- Children Act 1989
- Education Act 1996
- Education Act 2002
- Mental Capacity Act 2005
- Equality Act 2010
- The Equality Act 2010 (Disability) Regulations 2010
- Children and Families Act 2014
- The Special Educational Needs (Personal Budgets) Regulations 2014
- The Special Educational Needs and Disability (Amendment) Regulations 2015
- The Special Educational Needs and Disability (Detained Persons) Regulations 2015
- The UK General Data Protection Regulation (GDPR)
- Data Protection Act 2018
- Health and Care Act 2022

The SEND policy has due regard to statutory and non-statutory guidance, including, but not limited to, the following:

- DfE (2015) 'Special educational needs and disability code of practice: 0 to 25 years'
- DfE (2015) 'Supporting pupils at school with medical conditions'
- DfE (2018) 'Working Together to Safeguard Children 2018'
- DfE (2018) 'Mental health and wellbeing provision in schools'
- DfE (2021) 'School Admissions Code'

- DfE (2022) 'Keeping children safe in education 2022'
- Equality and Human Rights Commission (EHRC) (2015) 'Reasonable adjustments for disabled pupils'

The SEND policy operates in conjunction with the following school policies:

- Admissions Policy
- Equality Policy
- Data Protection Policy
- Supporting Pupils with Medical Needs Policy
- Child Protection and Safeguarding Policy
- Behaviour Policy
- Complaints Policy
- Accessibility Plan/policy

Arrangements for consulting parents and carers of young people with SEND and involving them in their child's education

If a child is identified as having special educational needs and/or not reaching their potential, the school will schedule a meeting to discuss this with parents and their child, where appropriate, in more detail and to:

- Listen to any concerns they may have.
- Giving parents/carers opportunities to play an active role in their child's education.
- Discuss and plan with parents any additional support your child may need.
- Discuss with parents any referrals to outside professionals to support their child.

Pupil and parent/carer voice is also a vital part of target setting and the reviewing of progress of pupils who are supported with a SEN Support Plan (SSP) or Education Health & Care Plan (EHCP).

We strive to include parents in the consultation of writing a SEN Support Plan and encourage collaborative writing of the support document. There will be periodic reviews of this document; parents will be invited to meet with the most appropriate Teacher termly to discuss these. Parental feedback is important to us, and we welcome their contributions.

Arrangements for consulting young people with SEND and involving them in their education

We recognise that all pupils have the right to participate in making decisions about their learning. In most lessons, pupils are involved in monitoring and reviewing their progress through the use of graduated outcomes. We involve our pupils by encouraging them to;

- State their views about their education and learning.
- Identify their own needs and how they best learn.
- Have input into the design of the curriculum.
- Share in individual outcome setting across the curriculum so that they understand their targets and why they have them.
- Self-review their progress and set new outcomes.
- Monitor their success at achieving the outcomes on their SEN Support Plan or Education Health and Care Plan.

- Create a 'One Page Profile' of themselves, their likes, dislikes, family, friends, strengths, needs and how they would like to be supported.

Arrangements for assessing and reviewing children and young people's progress towards outcomes. This should include the opportunities available to work with parents/carers and young people as part of this assessment and review

The monitoring and evaluation of the effectiveness of our provision for the pupil's progress is carried out by;

- Classroom observations.
- Ongoing assessment of progress and tracking.
- Work sampling.
- Scrutiny of planning.
- Moderation.
- Feedback from all staff.
- Pupil and parent/carer feedback, SEN support meetings / reviews.
- Attendance records.
- Intervention records.
- Exam Access Arrangements.
- Headteachers report to Governors

Arrangements for supporting children and young people in moving between phases of education and in preparing for adulthood. As young people prepare for adulthood, outcomes should reflect their ambitions, which could include higher education, employment, independent living and participation in society

We recognise that transitions can be difficult for a child with SEN, and we take steps to ensure that any transition is as smooth as possible. We pride ourselves at Spa in providing a graduated transition.

- For all our pupils, we will ensure early and timely planning for transition and a timeline produced in partnership with parents.
- A range of familiarisation visits and transition sessions are then arranged.
- Enhanced transition can be provided for any child where required. This has previously included:
 - Extra parent meetings to discuss strengths and needs, sometimes with the involvement of other professionals as invited.
 - Extra familiarisation visits and inductions.
 - Social story books around their personal transition.
 - Photo key-rings of key members of staff.

If your child is joining us from another school:

- The SENDCO will attend Annual Reviews when appropriate and invited.
- A child and parents/carers will have the opportunity to view the school and meet some of the staff.
- Information about your child will be requested.
- Spa welcomes any new enquiries to join our school community. We have a Family Liaison Officer who coordinates visits and inductions to our school.
- A series of meetings, visits and inductions are delivered and again any enhanced transition can be provided for any child where required.

Transition through the Academy is also recognised at Spa to be important. We timetable and plan a comprehensive transition programme for our pupils to meet their new teacher and spend up to a week with them in their new classrooms with their new class in the second half of the summer term.

Information will be passed on to the new class teacher in advance and in most cases a planning meeting will take place with the new teacher. SEN Support Plans and Education Health Care Plans will be shared with the new teacher. Enhanced transition is also included here for our identified pupils throughout the school and includes:

- Small group transitions – building positive relationships with their new teacher and friends.
- Social story books around their personal transition.
- For pupils with a SEN Support plan or Education Health Care Plan, reviews in the summer term will invite their next class teacher to attend.

If a pupil is moving to another school/academy:

We will contact the school SENDCo and ensure they know about any special arrangements or support that need to be in place for them. Where possible, a discussion will take place with the SENDCo from the new school.

- We will ensure that all records about the pupil are passed on as soon as possible.
- Additional transitional visits may also be arranged where appropriate.
- Parents will have the opportunity to meet the receiving school's inclusion team.

In Year 6:

We will ensure early and timely planning for transfer to a pupil's next phase of education.

- The SENDCo and/or year 6 teachers will discuss the specific needs of the pupil with the liaison teachers from the parent's chosen child's next school.
- We will make sure that all records about the pupil are passed on as soon as possible.
- If the pupil has an Education, Health and Care Plan, the SENDCo from the next school will be invited to the year 5 and year 6 Annual Review meetings.
- The pupil will participate in focused learning relating to aspects of transition, to support their understanding of the changes ahead.
- Transition visits and days to the secondary school will be provided by the feeder school. Any additional visits to the scheduled one arranged for all pupils will be made in partnership with the secondary school.

Where possible, the pupil will visit their new school on several occasions, and in some cases, staff from the new school will be encouraged to visit the child at the academy.

Approach to teaching children and young people with SEND

Quality-First Teaching

Well-differentiated, quality-first teaching, class teachers plan lessons according to the specific needs of all groups of children in their class and will ensure that your child's needs are met through a variety of means;

- Planning and teaching will be differentiated to meet your child's learning needs.
- Individual class support where needed.
- Guided group work.
- Specific resources and strategies will be used to support your child individually and in groups.
- Adapted resources e.g. practical resources, displays, table top reminders, visual timetables, seating arrangements, lighting, multi-sensory adaptations.
- Low level, short term intervention programmes.
- Individual withdrawal for one to one targeted work.
- Support from Outside Agencies (direct working and advice for staff).
- Break time support e.g. Lunchtime Support, Other Adult Support.
- Additional sessions such as communication, friendship, emotional care groups.

Spa's approach to teaching and learning is based around the 'Spa 10' principles. Whilst all of these principles are pertinent for success, some are fundamental principles for the success of our pupils with SEND. These include:

- **Modelling** – some pupils with SEND may require extra modelling or scaffolded, worked examples.
- **Activating prior learning** – ensuring that pupils' working memory is activated with the relevant prior knowledge will support pupils' readiness for learning.
- **Reviewing knowledge** – ensuring that knowledge is reviewed more frequently will support our pupils with SEND (particularly with Cognition & Learning difficulties), who may struggle with retention.
- **Scaffolding** – in order to reduce cognitive load, which some of our pupils with SEND may struggle with, scaffolding is incorporated into a 'teaching to the top' approach to all pupils accessing our ambitious curriculum.
- **Small steps** – our curriculum is designed to break down new knowledge and skills into small steps but some pupils, including those with SEND, may need these breaking down into smaller steps, such as within a lesson to introduce and build up a concept over time.

When a teacher has concerns that, a pupil may have Special Educational Needs they firstly raise this with the SENDCo. There is a robust procedure to follow along the graduated approach to identify any additional support needs. A Teacher/Parent/Carer concern form will be raised with the SENDCo following the completion of the National Strategies Neurodiversity Specific Learning Difficulties (SpLD) Checklist. A meeting will be arranged where SENDCo and Teacher will discuss the information gathered and agree the next steps such as observations, referrals or formal assessment.

Pupils will be offered additional SEN support when it is clear that their needs require intervention which is 'additional to' or 'different from' the well-differentiated curriculum offer for all pupils in the academy. These pupils will be given outcomes that are reviewed termly on a SEN support plan (SSP). The whole-academy provision map will be used to monitor and track progress of vulnerable groups.

SEN support plans;

- Are a planning, teaching and reviewing document that focus on particular areas of development for pupils with SEN. They are a working document that will be continually refined and amended.
- Outcomes will address the underlying reasons and barriers to a pupil's learning.
- Involvement from external agencies may be appropriate in assessment of needs and planned support.
- Outcomes for a SEN support plan will be derived through discussions as appropriate with pupils, parents/carers, teachers, support staff, and external professionals.
- Regular monitoring and evaluation of outcomes.
- Adaptations to the environment and /or resources to allow inclusion to the curriculum and learning.
- Precision teaching.
- Additional small group intervention's focusing on the pupil's specific barrier within English and Maths.
- Additional one to one intervention's focusing on the pupil's specific barrier to learning.

How adaptations are made to the curriculum and the learning environment of children and young people with SEND; how the broad and balanced curriculum is adapted or made accessible for pupils with SEND

Teachers plan lessons according to the specific needs of all groups of pupils in their class through adapted quality-first teaching and ensuring that pupil's needs are met through a variety of means.

- Planning and teaching will be adapted to meet the pupil's learning needs.
- Individual class support where required and when appropriate.
- Guided group work.
- Specific resources and strategies will be used to support pupil's individually and in groups, e.g., practical resources, displays, tabletop reminders, visual timetables, seating arrangements, lighting, multi-sensory adaptations.

- Low-level, short-term intervention programmes.
- Individual withdrawal for one-to-one targeted work.
- Support from Outside Agencies (direct working and advice for staff).
- Break time support e.g., lunchtime support, other adult support.
- Home-school liaison and differentiated homework tasks.
- Additional sessions such as communication, friendship, emotional care groups.

The expertise and training of school staff to support children and young people with SEND, including how specialist expertise will be secured

Our SEND and Inclusion team is made up of skilled staff who support the delivery of interventions and targeted work.

Our Special Educational Needs Co-ordinator (SENDCo) is supported by the Trust SEND & Inclusion Manager and regularly attends Trust Driver and local area network meetings and local conferences.

The academy is supported regularly by many external agencies such as: Educational Psychology Service, ASCETS, Speech and Language Team, Occupational Therapy, Physiotherapy, BOSS, CAMHS, School Nursing Team and other professionals.

The academy provides training and support to enable all staff to improve the teaching and learning of pupils, including those with SEN. Staff attend training and courses run by external agencies that are relevant to the needs of the pupils in their class.

Following the pandemic, the academy prioritised mental health and as such currently benefits from many staff holding Mental Health First Aider certificates, which enables them to identify and support pupils quickly.

The SENDCo delivers regular CPD sessions throughout the academic year for all staff to keep information refreshed and updated regarding statutory compliance, the identification of need, the areas of need and strategies and provision to support. Additionally, through role performance management discussions, specialist training may be identified to support particular staff roles.

Evaluating the effectiveness of the provision made for children and young people with SEND

Pupil's progress will be continually monitored by the appropriate teacher. Their progress will be reviewed at least three times a year to continuously evaluate the effectiveness of the provision in place, their attendance and the impact on progress.

These methods include: -

- Regular feedback from pupils to ensure their views, wishes and concerns are utilised to inform provision.
- Regular meetings with parents/carers to ensure their views, wishes and concerns are utilised to inform provision within the academy.
- Formative (Day-to-day) assessments of learning within lessons and interventions through class observations, assessments and discussions with the class team.
- Regular lesson observations will be carried out by the SENDCo and other members of the Senior Leadership Team will take place to ensure that the needs of all pupils are met and that the quality of teaching and learning is high.
- Summative assessments are also used to assess where pupils are working at, in line with National Curriculum objectives and the use of additional researched-based materials from GL Assessments and Pearson Clinical.

- Provision mapping and intervention tracking.
- Careful identification of Exam Access Arrangements and normal way of working.
- Teachers and the SENDCo have termly caseload meetings to discuss any pupil's needs, where they will discuss strategies/interventions that will support that pupil going forward, whether it be academically or with regards to their social, emotional, mental health.

How children and young people with SEND are enabled to engage in activities available with children and young people in the school who do not have SEND

We include children with SEND in our learning community by;

- Providing curriculum access for all.
- Meet individual needs through a wide range of provision.
- Carefully map provision for all vulnerable pupils to ensure that staffing deployment, resource allocation and choice of intervention lead to good learning outcomes.
- To ensure a high level of staff expertise to meet pupil need – targeting continuing professional development.
- Work cooperatively and productively, in partnership with the Local Authority and other external agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable pupils.
- Promote self-esteem and emotional well-being through positive relationships and respect.

An accessible environment helps pupils with SEND participate in activities alongside their peers. The needs of pupil's with SEND are met by working in partnership with pupils, parents/carers, the NHS and other external services.

Our learning environment is inclusive to empower our pupils to participate fully.

Communication is both visual and verbal. Multi-sensory areas are created for stimulating learning.

Contrasting environments are created to increase maintained focus. We understand and adapt the academy environment to support and welcome our individual learners.

We meet pupils medical and personal care needs with support from external agencies and Individual Health Care Plans.

Accessible toilets and changing spaces for personal care are at convenient intervals around the building. Pupil Emergency Evacuation Procedures (PEEP) are in place for any vulnerable pupils.

We seek to provide an environment that encourages personal development, confidence and independence. Pupils are encouraged to take part in a wide range of social, educational and recreational activities developing independence skills.

Independent learning through;

- Clear consistent daily routines
- Use of classroom visuals (act as reminders)
- Clear Success Criteria.
- Examples of high-level work available, modelling.
- Encourage real dialogue by using high level questioning, developing curiosity and oracy skills.
- Encourage pupils to evaluate, celebrate and share their ways of working.
- Encourage pupils to lead the learning.
- Independent access;
 - Matching individual needs.
 - Removing barriers to learning.
 - Developing skills in communication.

Accessing the academy community from Breakfast Club to Extended Academy activities.

Support for improving emotional and social development - including extra pastoral support arrangements for listening to the views of children and young people with SEND and measures to prevent bullying

We aim to support all pupils with their learning journey and embrace an inclusive ethos. Additional to academic support, we provide SEMH support with regular check-ins with pupil's, additional extra-curricular activities.

- Whole class nurture groups can be delivered where appropriate within classes, nurturing respect of others.
- Nurturing facilities are available for one-to-one small, timed programmes of support.
- Nurturing groups are delivered where identified.
- Anger management and other emotional literacy programmes are delivered where appropriate.
- SDQ/Boxall Profile/Thrive/ELSA/Zones of Regulation are utilised as an assessment and tracking tool to support the identification and development of outcomes to support pupils with emotional health and well-being.

Pupils will be offered additional SEN support when it is clear that their needs require intervention which is 'additional to' or 'different from' the quality first teaching curriculum offer for all pupils in the school. These pupils will be given outcomes that are reviewed termly on an SEN support plan. The whole-school provision map will be used to monitor and track progress of vulnerable groups.

SEN support plans;

- Are a planning, teaching and reviewing document that enables focus on particular areas of development for pupils with SEN. They are a working document that will be constantly refined and amended.
- Outcomes will address the underlying reasons and barriers to a pupil's additional support needs.
- Involvement from external agencies may be appropriate in assessment of needs and planned support.
- Outcomes for an SEN support plan will be derived through discussions as appropriate with pupils, parents/carers, teachers, support staff, and external professionals.
- Regular monitoring and evaluation of outcomes.
- Adaptations to the environment and/or resources to allow inclusion to the curriculum and learning.
- Input strategies derived from referrals to:
 - Educational Psychologist
 - BOSS (Behaviour Outreach Support Service)
 - CAMHS (Children & Adolescents Mental Health Service)

The academy recognises that evidence shows pupils with SEND are at a greater risk of abuse and maltreatment, so will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g., from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including child-on-child abuse, neglect, and sexual violence and harassment.

The academy recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers include, but are not limited to:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's condition without further exploration.

- These pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils.
- The potential for pupils with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs.
- Communication barriers and difficulties in managing or reporting these challenges.

The Headteacher and governing board will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse. When using physical intervention and reasonable force in response to risks presented by incidents involving pupils with SEND, staff will have due regard for the procedures outlined in the school's Behaviour Policy. Care will be taken by all staff, particularly those who work closely with pupils with SEND, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENDCo.

How the school involves other bodies, including health and social care bodies, local authority support services and voluntary sector organisations, in meeting children and young people's SEND and supporting their families

Universal support

Initially, the pupil will be observed and monitored in class using formative assessment and quality first teaching throughout lessons which will allow the teacher to determine the level of support needed. The use of visuals, manipulatives or auditory resources can also be used at this stage to cater for pupil's different learning styles as well as differentiated tasks. Additional to academic support, we provide SEMH support with regular check-ins with pupil's, additional extra-curricular activities.

Universal plus

If alternative strategies are not proving to be successful, staff will communicate with the SENDCo to discuss additional provisions/ interventions that can be carried out to cater to the need of the pupil. This can be in the form of a pre/post teach, tailored programmes for individuals or small groups and differentiated learning tasks to support, extend or challenge further. With regards to SEMH support, this is where more personalised provisions are put in place where small group interventions may be appropriate which address areas of need, whether it be for social, emotional or behavioural support.

Targeted support

This part of the graduated approach is where a SEN support plan (SSP) would be written by the teacher in collaboration with pupil and parents/carers, to record any provisions that are 'additional to and different from' the teaching that is being delivered. Assess, Plan, Do and Review (APDR) of provision and impact will formally commence with meetings arranged termly.

For SEMH, we understand that children may require more of a tailored response therefore we have Mental Health First Aiders throughout the academy, who deliver bespoke interventions.

Specialised support

Specialised support is where external agencies are required to become involved with their specialised knowledge to support a pupil. This specialised support is available through many local services such as:

- EPS - Educational Psychology Service
- ASCETS – Autism and Social Communication Education and Training Service
- BOSS – Behaviour Outreach Support Service
- The Special Educational Needs Team
- SpED – including VI and HI specialist teachers.

- Attendance & Pupil Welfare Service
- Speech and Language Therapy
- Occupational Therapy
- Physiotherapy
- School Nursing
- EMTAS
- CAMHS
- Outreach support from Specialist Settings
- PAFSS – Parent and Families Support Service
- Early Help and Stronger Families

Arrangements for handling complaints from parents and carers of children and young people with SEND about the provision made at the school

Spa Academy is committed to resolving disagreements between parents/carers, pupils, and the academy.

In carrying out duties, we:

- Support early resolution of disagreements at the local level.
- Explain the independent disagreement resolution arrangements in our Complaints Procedures Policy, which is available for disagreements across special educational provision, and health and care provision in relation to EHC plans and tribunals.

The academy's Complaints Procedures Policy is published on the academy's website.

Following a parent's serious complaint or disagreement about the SEND provision being made for their child, the school will contact the LA immediately to seek disagreement resolution advice, regardless of whether an EHC plan is in place.

The school is aware of the formal and informal arrangements for resolving disagreements at a local level and will work with the LA in responding to requests for information as part of procedures for:

- Disagreement resolution.
- Mediation.
- Appeals to the SEND Tribunal.

The school will meet any request to attend a SEND tribunal and explain any departure from its duties and obligations under the 'Special educational needs and disability code of practice: 0 to 25 years'.

Details of the school's contribution to the Local Offer, including information on where the Local Authority's Local Offer is published

The school's governing board will collaborate with and support the LA in developing and reviewing the Local Offer, where necessary and appropriate, to ensure that it is:

- **Collaborative:** Where appropriate, the school will work with LAs, parents/carers and pupils in developing and reviewing the Local Offer. The school will also cooperate with those providing services.
- **Accessible:** The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is structured

in a way that relates to pupils' and parents/carers' needs, e.g. by broad age group or type of special educational provision; and is well-signposted and -publicised.

- **Comprehensive:** The school will help to ensure that parents/carers and pupils understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.
- **Up to date:** The school will work with the LA to review the Local Offer to ensure that, when parents/carers and pupils access the Local Offer, the information is up to date.

The school will provide the LA with information about their existing SEND provision and capabilities to support pupils with SEND to aid in the drafting of the Local Offer, where required.

The Local Offer provides information for children and young people with special educational needs and/or disabilities (SEND) and their parents or carers in a single place. It shows families what they can expect from a range of local agencies including education, health and social care.

Information in this report outlines the school's contribution to Doncaster's Local Offer. More information regarding the Local Offer can be found at the website – www.doncaster.gov.uk/LocalOffer
